Directions and procedures to 1200 Pennsylvania Avenue NW:

**Metro:** If you come by Metro get off at the Federal Triangle metro stop. Exit the metro station and go up two sets of escalators to the surface level and turn left. You will see a short staircase and wheelchair ramp leading to a set of glass doors with the EPA logo - that is the William Jefferson Clinton Federal Building, South Entrance.

**Taxi:** Direct the taxi to drop you off on 12th Street NW, between Constitution and Pennsylvania Avenues, at the elevator for the Federal Triangle metro stop - this is almost exactly half way between the two avenues on 12<sup>th</sup> Street NW. Facing the building with the EPA logo and American flags, walk toward the building and take the glass door on your left hand side with the escalators going down to the metro on your right— that is the South Lobby of the William Jefferson Clinton building.

**Security Procedures:** A government issued photo id is required to enter the building and it is suggested you arrive 15 minutes early in order to be cleared and arrive at the meeting room on time. Upon entering the lobby, the meeting attendees will be asked to pass through security and provide a photo ID for entrance. Let the guards know that you were instructed to call 202-564-2440 for a security escort.

Kathy:

We are looking forward to working with you on the Stibnite project, and appreciate that there is quite a bit here to get familiar with. Our goal Friday is to provide an introduction to the site, provide the information you have requested through Elizabeth (about which we have a couple of questions) and finalize the agenda for our Friday meeting at 9 am. Here is a call-in number for our 3 pm call tomorrow (I'll also send an Outlook invite):

Hi Brad, Merissa and Kathy. Brad suggested that we (along with Midas' technical person) have a pre-call to Friday's call to introduce Kathy, confirm expectations for Friday's meeting, and to clarify the information that Kathy would like Midas to bring to the meeting. I would also add that EPA is still waiting for the information that we asked Midas for several months ago, so it would be great to find out when Midas will be responding to that request. The information will be relevant to any CERCLA work that we may decide to do. I am available between 10 and 12 tomorrow and after 3. Kathy, can you please respond to let Brad and Merissa know your availability? Thanks.

Subject: Friday Stibnite Project Meeting

Lisa:

Thanks for your message earlier today.

The Friday meeting on the Stibnite project will start at 10 am Boise time (9 am PST) and be held at EPA Region X. Attending for Midas will be John Meyer, Merissa Moeller of our firm and me. Attending for EPA will be Kathy Cerise and Elizabeth McKenna. Aaron and Michael will be able to call in via a web conference line. John Meyer will circulate a webconference number prior to the call to everyone copied here. We can use that in lieu of the number Elizabeth circulated Monday evening.

Elizabeth has invited Lynne Hood, EPA's NEPA project manager, to join by phone. I do not have her e-mail address, but -- by copy of this e-mail -- I am going to ask Elizabeth to send it to me. Members of Midas's technical team in Boise will join by phone. In total, we will have a group of 5 in person at EPA's office, and a group of about the same size on the phone. All will receive an Outlook invite and e-mail from John.

The purpose of the Friday meeting is to 1) provide Kathy with an introduction to the Stibnite site; 2) to respond to EPA's information requests; and 3) to begin to work cooperatively toward the goal of conducting a focused site investigation this summer into areas at the site where elevated arsenic levels have been observed at the Stibnite site. We will circulate a roster of the individuals that will be on the call, in order to facilitate communication as we move forward. We do not expect our meeting on Friday to be decisional so much as informational, and we want to be sure we can answer EPA and IDEQ's questions related to the focused site investigation. We do not anticipate discussing the Plan of Restoration and Operation or the NEPA process, but rather to stay focused on the focused investigation at hand in order to expeditiously address the elevated arsenic levels resulting from historic operations.

Please let me know if you have any questions about logistics or anticipate additional information needed prior to Friday. We look forward to speaking with everyone then.

Lisa:

Thanks for your message earlier today.

The Friday meeting on the Stibnite project will start at 10 am Boise time (9 am PST) and be held at EPA Region X. Attending for Midas will be John Meyer, Merissa Moeller of our firm and me. Attending for EPA will be Kathy Cerise and Elizabeth McKenna. Aaron and Michael will be able to call in via a web conference line. John Meyer will circulate a webconference number prior to the call to everyone copied here. We can use that in lieu of the number Elizabeth circulated Monday evening.

Elizabeth has invited Lynne Hood, EPA's NEPA project manager, to join by phone. I do not have her e-mail address, but -- by copy of this e-mail -- I am going to ask Elizabeth to send it to me. Elizabeth:

I will look into the outstanding information requests, and discuss with you and Kathy and John at 3 pm tomorrow.

Thanks for confirming a room at EPA with a video screen. John (copied) will set up a webex so that his presentation can be viewed remotely by IDEQ and the Midas team in Boise. He will send the call in number to the IDEQ team.

Let's plan on the meeting running 90 minutes, but reserve two hours in case we run longer.

Regards -- Brad

Hi Brad, Merissa and Kathy. Brad suggested that we (along with Midas' technical person) have a pre-call to Friday's call to introduce Kathy, confirm expectations for Friday's meeting, and to clarify the information that Kathy would like Midas to bring to the meeting. I would also add that EPA is still waiting for the information that we asked Midas for several months ago, so it would be great to find out when Midas will be responding to that request. The information will be relevant to any CERCLA work that we may decide to do. I am available between 10 and 12 tomorrow and after 3. Kathy, can you please respond to let Brad and Merissa know your availability? Thanks.
